Node and Express • Nest JS • RESTful APIs • SQL/NoSQL Databases • MongoDB • Firebase • Supabase • Neon DB • PostgreSQL • Google Sheets Advanced • Google Apps Script Automation • Git and GitHub including GitHub Actions and CI/CD

## Relevant Professional Experience

### Full Stack Developer | Ziel Global Ltd. | Islamabad, Pakistan

MARCH 2022 – PRESENT

- Built/maintained applications, including one with 20K+ monthly users.
- Established coding guidelines with the help of [Google's Style Guide](#) & performed audits/reviews, reducing code issues by ~30%.
- Secured MVP funding by developing a SaaS QMS proof-of-concept.
- Migrated React JS to Next JS; deployed on AWS (EC2, Route 53) with GoDaddy integration.
- Boosted success to 90%+ with an AI-driven ERP, cutting overruns via real-time time estimation.
- Led a team to develop a business plan for a seamless digital wallet mobile application
- Performed code audits, reducing technical debt for multiple clients.

### Tech Lead | Nisa Nursing Home (Part Time) | Rawalpindi, Pakistan

DECEMBER 2022 – PRESENT

- Devised data-collection algorithms for rural areas, improving data integrity.
- Raised PHC Compliance from 52% to 93% in 6 months using a MERN-based ERP.
- Cut risk/failure by estimated 80% with data-driven solutions.
- Brainstormed and implemented an algorithm to detect false positives and false negatives in medical diagnostics
- Implemented capacity planning, reducing staff unavailability and costs significantly.

### Apprenticeship | Full Stack Developer | Rawalpindi, Pakistan

JUNE 2021 – FEBRUARY 2022

- Developed multiple full stack projects including an admin panel using MERN stack for a stock brokerage company
- Using Express JS & Typescript, developed backend including ERD for a mobile app that provides Fitness Plans for athletes

## Featured Projects

- [Madinah](#) – A not for profit crowdfunding platform with more than 20K monthly users
- [Zown](#) – A real estate company offering down payment assistance and reduced mortgage rates, serving around 1,000 users daily.
- [Octilearn](#) – EdTech platform offering top-quality exam prep materials and notes for O Levels & IGCSE.
- [Yamar](#) – A vacation booking platform enabling seamless trip discovery, planning, and reservation.
- [Aqers](#) – A real estate marketplace showcasing streamlined property listings for seamless exploration (*UI Development Only*)

## Education

B.S. Mathematics & Economics | University of the Punjab, Pakistan - 3.6 CGPA

MAY 2021
